

2024

Sensata Technologies Foundation Grant Application

Thank you for your interest in the Sensata Technologies Foundation's 2024 Grant Program. The Sensata Foundation receives many requests each year and prioritizes support for programs and projects that have measurable outcomes and align with the Sensata Foundation's funding priorities - STEM Education and Community.

The Sensata Foundation invites registered 501(c)(3) non-profit organizations that align with our focus areas to apply. We provide grants to fund specific programs/projects rather than general operating support and prioritize agencies that serve local communities where our employees live and work in the U.S. Prior to filling out the grant application, all interested organizations must complete a brief eligibility survey.

STEM Education

We believe that everyone, regardless of background, should have the chance to explore and thrive in the fields of science, technology, engineering, and mathematics (STEM). In an effort to support the next generation of engineers, the Foundation is focused on funding non-profits that provide STEM education opportunities and ensuring equitable access for youth in grades K-12. Key focus areas include:

- **Creating Equitable Access to Underserved Communities:** Programs and initiatives that ensure all individuals, regardless of gender or socioeconomic status, have access to STEM-specific resources, services and programs. This includes providing greater accessibility to racial and ethnic minority groups, students with disabilities and girls in K-12, among other underrepresented groups.
- **Empowering Critical Thinking and Problem-Solving Skills:** Programs that equip students with tools and resources to think creatively and independently to effectively address challenges or problems.
- **Furthering Education & Career Opportunities to Inspire Future Leaders:** Programs that provide additional learning avenues (i.e., mentorships) that prepare students to further their educational growth in STEM-related fields.

Community Support

The Foundation supports a variety of non-profits programs to ensure that prevailing needs are addressed within local communities. Key focus areas include:

- **Food Insecurity:** Food banks and distribution centers.
- **Homeless Services and Shelters:** Providing support, resources, and accommodations to individuals experiencing homelessness with transition assistance to a more stable living environment.
- **Social and Economic Mobility:** Giving members of the community an opportunity to build personal stability in order to experience better quality of life.
- **Environment:** Programs that support the environment by helping build clean and green outdoor spaces that community members can enjoy.

The 2024 grant application has a deadline of **June 30, 2024**. Grant recipients will be announced no later than Tuesday, October 1, 2024 and grants will be distributed in the first half of 2025. This grant funding is intended to be used in the recipients' programs during calendar year 2025.

To confirm that we have received your completed application, please email foundation@sensata.com.

Eligibility Survey

To determine your eligibility, please complete the following eligibility survey. Your responses will help assess whether you meet the criteria for our grant funding opportunities. "This organization" in statements below refers to the applicant organization.

If you have any additional questions about the grant program, please contact foundation@sensata.com. By completing this survey, you acknowledge that the information provided is accurate to the best of your knowledge. Submission of this survey does not guarantee grant funding and is subject to review and evaluation by our grant committee.

This organization is recognized as an active non-profit organization under 501(c)(3) by the Internal Revenue Service (IRS).

This organization and/or service area is located where Sensata Technologies has a facility or employee presence.

This organization has a non-discrimination policy that ensures it does not discriminate based on race, ethnicity, color, sex, religion, age, national origin, ancestry, citizenship, sexual orientation, gender identity and/or expression, or disability.

The request for funding is related to STEM Education or Community Support based on the criteria listed above.

The grant funding request is NOT for any of the following.

- Individuals
- Scholarships or tuition
- Loans
- Private foundations
- General operating support
- Programs outside the United States
- Direct support of churches or religious groups
- Political organizations, programs, and/or campaigns
- Fundraising Events (dinners, galas)
- Capital campaigns
- Endowments
- Corporate memberships or sponsorships
- Conferences or Seminars
- Health & Medical organizations and programs
- Programs focused on college-level students

The answers to the Eligibility Survey is accurate to the best of your knowledge.

If any of your responses above were 'Do not Agree,' your application does not qualify for grant funding from the Sensata Foundation. Please contact a member of the team at foundation@sensata.com if you have further questions regarding the eligibility of your organization and/or program.

Grant Application

Prior to completing the 2024 Sensata Foundation Grant Application, please ensure you've completed the Eligibility Survey. Once complete, please send the final application to foundation@sensata.com.

Qualifications

I certify that the organization represented on this application is an active 501(c)(3) organization in compliance with the IRS.

The organization represented on this application does NOT discriminate based on race, color, gender, religion, disability, sexual orientation, or national origin.

This organization or service area is located in the U.S. where Sensata Technologies has a facility or employee presence.

I have taken the above eligibility survey and feel as though the program/project requesting funding qualifies for potential funding.

Organization Summary

Organization's mission statement:

In a few short sentences, please describe the organization's goals and objectives:

Program/Project Summary

Program/Project Name: _____

What Foundation priority is your program/project more aligned to?

Amount Requested: _____

Total Project Budget: _____

Briefly describe how funds from a Sensata Foundation grant would be used.

Provide an estimated fund breakdown specifically related to the Sensata Foundation grant.

	% of Total Grant Requested
Staffing & Labor	
Materials & Equipment	
Event or Activity Related	
Other (see below)	

If other, please briefly describe

Has this project/program been supported by a Sensata Foundation grant in prior year(s)?

Project Timeline

Please provide a short list of key milestones that are relevant to the program/project.

Is this program/project dependent upon funding from additional sources?

If Yes, please briefly describe other funding resources.

Briefly describe how the program/project will be modified if the organization does not receive the necessary funding?

Program/Project Goals & Objectives

Please list the top 1-2 qualitative benefits associated with the program/project.

Please list the top 1-2 quantitative benefits associated with the program/project.

In a few short sentences, please share how this program/project will impact your local community.

What are the demographics and estimated number of people your program/project will serve?

Additional Information

If applicable, name of Sensata Employee(s) associated with the organization and their role/connection (with your organization).

Are there additional opportunities to collaborate during the year?

Check all that apply. Hold down CTRL key to select more than one.

How did the organization learn about the Sensata Foundation grant program?

Check all that apply. Hold down CTRL key to select more than one.

Additional Comments/Information (optional):

Please send this completed application and any additional links or attachments to foundation@sensata.com

FOR FOUNDATION USE ONLY

Has the agency ever received grant funding from the Sensata Foundation?
