M SERIES | INPUT MODULES

I/O MODULES

Features
- Plug into mounting boards for M Series modules
- AC Inputs (Yellow Case) for 24 V, 120 V, 240 V
- DC Inputs (White Case) for 3.3 to 32 V, 10 to 48 V
- 4kV Optical isolation
- Open-collector Output
- Industry standard packaging

### Input/Output Isolation Voltage (14)
4000 Vrms

### Input/Output Capacitance
8 pF

### Operating Temperature Range
-30 to 80°C

### Storage Temperature Range
-40 to 80°C

### Line Frequency Range
47 to 63 Hz

### Weight
1.1 oz. (31.2g)

---

**GENERAL NOTES**

1. Specifications apply to an ambient temperature of -30 to 80 °C unless otherwise noted.
2. Resistance values for IAC modules are effective impedance values at 25 °C.
3. Resistance values are +/-10% at 25 °C.
4. Measured at maximum specified input voltage, 25°C.
5. Defined as the maximum current allowed through the module’s input to guarantee that the output will switch from “on” to “off”. Higher currents may result in the output remaining in the “on” state.
6. Defined as the maximum current allowed through the module’s input that will not switch the module’s output state from “off” to “on”.
7. With external LED status indicator at maximum specified logic supply voltage and 25°C. 18mA without external LED.
8. At maximum specified logic voltage and 25°C.
Applied across open collector output transistor.

Sinking current through the open collector output transistor.

At maximum output voltage and 25°C.

At maximum output current and 25°C.

At nominal logic supply voltage, 25mA output sinking current, nominal input voltage and 25°C

At 25°C for 1 second maximum duration.

WARNINGS

RISK OF MATERIAL DAMAGE AND HOT ENCLOSURE
• The product’s side panels may be hot, allow the product to cool before touching
• Follow proper mounting instructions including torque values
• Do not allow liquids or foreign objects to enter this product

Failure to follow these instructions can result in serious injury, or equipment damage.

HAZARD OF ELECTRIC SHOCK, EXPLOSION OR ARC FLASH
• Disconnect all power before installing or working with this equipment
• Verify all connections and replace all covers before turning on power

Failure to follow these instructions will result in death or serious injury.
